ATTENDANCE DESCRIPTION AND COST

An in-person training enrollment cost of \$600.00 USD per participant includes meals, training, and materials. Additionally, attendees will enjoy a dinner with AriensCo Training Team. Attendees are responsible for their flights and other transportation costs to the training location.

CLOTHING AND APPAREL

Attendees should wear what they feel most comfortable in for the in-person offerings. Our courses are hands on, so keep in mind that you may get dirty.

PAYMENT

Course charges will be issued for each attendee. Charges for each attendee will be billed to their dealer's account upon course completion.

Learners do not have an enrollment cost for attending the live, virtual offering, however, they are responsible for downloading a printable PDF of the course textbook prior to class.

COURSE CURRICULUM

This curriculum is designed to provide comprehensive knowledge and diagnostics skills via classroom hands-on or live, virtual learning. The same content will be provided for all offerings with the exception of the hands-on portions for the live virtual service school. Additionally, due to time constraints, some content at the Crandall-Hicks offerings will be provided in a condensed format.
